# Benko Sewer Service: *When Service Matters, Customers Call Benko*

## Technology

Benko uses only industry-leading products from the most respected manufacturers in the world today,

**ADVANCED TOOLS:** Benko uses state-of-the-art vacuum truck and water jet nozzle technology that enables us to move more material in less time than our competitors.

**LATERAL NAVIGATOR:** Enabling launch of cameras up private laterals from the main line sewer.

**SOFTWARE:** Data collection software allows for easy integration with municipal infrastructure management systems.

**ZOOM CAMERAS:** The latest 360° pan & tilt camera capability with 10x optical plus 4x digital zoom.

*IBAK lateral launch camera, capable of pan & tilt within a 4-inch service connection.*

## Service

Our service runs second to none. Benko strives to provide high-quality service when and where you need it.

**QUALIFIED:** All of Benko's CCTV Camera Technicians are NAAPI certified.

**RELIABLE:** Our fleet of late-model Flusher Trucks ensures reliable service for our Customers.

**RESPONSIVE:** We are prepared to deliver results on the tightest of timelines. We deliver what you need, when you need it. Put us to the test today.

## Safety

While Benko prides itself on its service, it is our commitment to safety that sets us apart from the competition.

Workers are trained and certified in:

- Confined Space Entry
- Fall Arrest
- Traffic Control
- E&USA Electrical Awareness
- General Safety Awareness
- First Aid
- WHMIS
